# Services to Education Sector

**YUVA**: *Youth Upskilling Via Anomaly (Make difference strategy)*

Better interaction between Technical institutions and industry is the need of the hour. With the advent of globalization and the opening up of the Indian economy to the outside world, competition among industries has become stiff. There is an urgent need to prepare engineering students for Jobs & Entrepreneurship by exposing them to newer technologies, global work practices , Techno-commercial skills & value education .

**ZillionBrain ( Brand of Zillionlink Private Limited )** is bridging the gap between industry and the academic institute by working on planned strategies & tailor - made solutions .

**Mission** : Develop competent, skilled, capable youth guzzled with the spirit of entrepreneurship & employment to meet the global workforce. To witness the success stories of Youth Indians by delivering quality services.

**Vision** : By end of FY 2028 Zillion link a company serving 1 LAKH users

## On Demand

- ❑ Fabrication & Characterization of Nanoelectronic Devices
- ❑ Semiconductor Manufacturing & Technology ( SMAT )

A glowing blue microchip is the central focus, set against a background of a complex circuit board. The chip itself is a square with a grid-like pattern and a bright, multi-pointed starburst of light emanating from its center. The circuit board traces are visible in shades of blue and black, creating a high-tech, digital atmosphere.

# Incubation Support

The ZillionBrain incubation approach is to promote innovation research, and entrepreneurial activities. The incubation support team here motivates and promotes scientific temper among the students and provides a platform to incubate their innovative ideas into commercially viable products or direct them to right investors government bodies and entrepreneurs.
