

## Toilet UV Disinfection Lamp with Aroma

**Clean • Fresh • Germ-Free**

A smart hygiene solution that combines UV-C sterilization with pleasant aroma diffusion to keep toilets and washrooms both germ-free and refreshing. The UV light effectively eliminates bacteria, viruses, and mold from surfaces and air, while the built-in aroma system ensures a fresh environment.

### Key Features

- ✓ 99.9% Germ Kill – UV-C technology for effective disinfection.
- ✓ Dual Function – Disinfects while releasing a soothing fragrance.
- ✓ Automatic Operation – Motion-sensor or timer-based activation.
- ✓ Safe & Eco-Friendly – Chemical-free sanitation.
- ✓ Compact & Stylish – Blends with modern interiors.

### Potential Customers

Homes & Apartments , Hotels & Resorts , Restaurants & Cafés , Offices & Corporate Spaces , Hospitals & Clinics , Malls & Multiplexes , Schools & Colleges , Airports, Stations & Public Amenities.

**Upgrade every toilet into a cleaner, fresher space – the smart way.**
